# Your Preferences

- To change your news preferences and opt-in/ -out of the content you really want, visit the menu option (top right) “My Comms Preferences”.
- **You can opt-in/ -out of certain content interests.**
- You can select the frequency of the newsletters you would like to receive.
- You can opt-out and asked to be removed from our system!

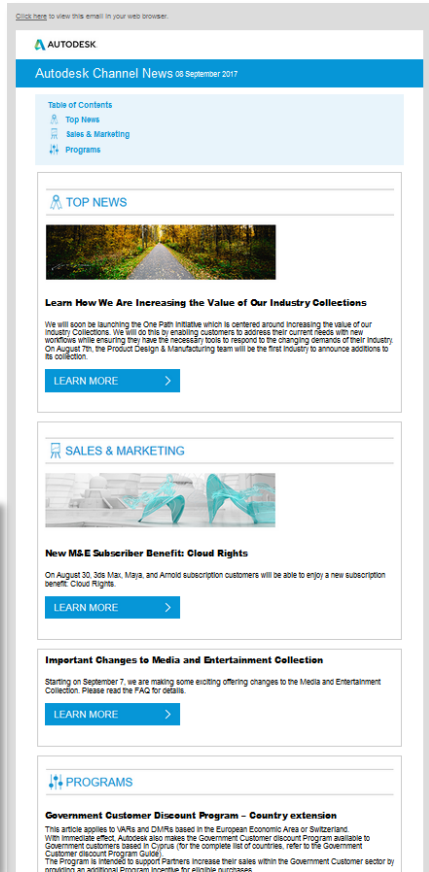

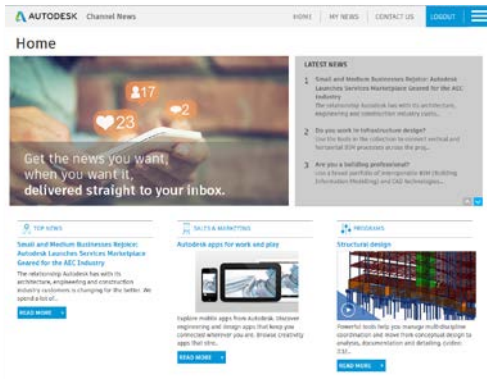

The screenshot shows the 'My Communication Preferences' page for Autodesk Channel News. The page has a navigation bar with 'HOME', 'MY NEWS', 'MY COMMS PREFERENCES', and 'CONTACT US'. The 'LOGOUT' button is highlighted in blue. Below the navigation bar, the page title is 'My Communication Preferences' with a subtitle: 'Setting your communications preferences ensures you will always receive the news you want, whenever you want it.'

The page is divided into three main sections:

- Your Email Format:** This section contains two radio buttons: 'HTML' (which is selected) and 'Plain Text'.
- Industries/ Solutions:** This section contains a list of industry categories, each with a checked checkbox: 'Architecture, Engineering, and Construction', 'Digital Manufacturing', 'Education', 'Government', 'Manufacturing', and 'Media and Entertainment'.
- Your News Frequency:** This section contains five rows, each with a label and a dropdown menu:
  - 'Sales updates (new products, assets, tools, events, etc.)' is set to 'Monthly'.
  - 'Technical updates' is set to 'Monthly'.
  - 'Marketing updates' is set to 'Monthly'.
  - 'Operational updates' is set to 'Monthly'.
  - 'Industry news (market research, opinion pieces, etc.)' is set to 'Weekly'.

# Your Newsletters

- Every day, week, 2 weeks, or month (based on your choice), you will receive our newsletters via email.
- The content will be personalized to you based on the content preferences you have selected.
- All articles will be shown on the Autodesk Channel News portal (Home page and My News page).

# My News

- You can also see all the news articles we have ever sent you.
- You can search or filter your news.

### Netfabb Standard Retail Price Drop up to 80%

Autodesk has significantly lowered the Suggested Retail Price (SRP) of Netfabb Standard (the lowest of the 3 Netfabb Tiers: Standard/Premium/Ulimate) by up to 80%, making Netfabb Standard now affordable for all the hobby users with small desktop 3D printers at home.

The annual subscription for a single-user license is now just 220 USD (SRP) in the US and 240 € (SRP) in mainland Europe. It will be hard to find a more well-priced professional additive manufacturing software than Autodesk Netfabb Standard.

The Autodesk Netfabb software is a complete end-to-end software solution for Additive Manufacturing and 3D printing. With Netfabb Standard you can import 20+ CAD file formats, repair meshes, perform slicing, and much more. Customers who want more should consider [Netfabb Premium](#), [Ultimate](#) and [Local Simulation](#) (metal additive manufacturing process simulation).

To help you sell Netfabb, utilize the customer success stories and further public case studies here:

- [Netfabb case studies](#)
- [Netfabb Selective Space Structures \(3S\): Interface /4 and Bartlett School of Architecture](#)
- [Light-weight airplane seat](#)
- [Under Armor shoes video](#)

SRP is Autodesk's suggested retail price (excluding freight, handling and taxes) for the specified product in your region. SRP is used for reference purposes only and may not be in local currency. Actual retail price is determined by your reseller, and is subject to currency fluctuation. Offer subject to reseller participation. Channel partners are independent and free to set their own prices. Reseller prices may vary.
